*"A Smart City of Excellence"*

## Seat Pleasant teams up with local churches for the Holiday Season

Thanksgiving is a time for giving and fellowship and Seat Pleasant: *A Smart City of Excellence* did just that! This past Thanksgiving Seat Pleasant partnered with Mount Victory Baptist Church and Shining Star Freewill Baptist Church to provide free Thanksgiving dinners on November 15th and November 20th. Everyone was invited whether you lived in or outside of Seat Pleasant. "Every year we have a great turnout and are happy that we are able to partner with our local churches to provide free dinners during this holiday season," stated Public Engagement Director, Sharron Lipford. "A community cannot be made alone; togetherness and positive energy is how Seat Pleasant was built and will grow!" There are people who don't have places to be on Thanksgiving, someone to spend it with, or they don't have the means to provide a Thanksgiving meal for themselves.

Chief Devan A. Martin and members of the Seat Pleasant Police Department Seat Pleasant were pleased to participate in this years annual Thanksgiving Dinner with Shining Star Freewill Baptist Church. During the event, our staff served the many eager guests a homestyle turkey dinner complete with all the fixings as well as a variety of delectable deserts. SPPD sends a warm thank you to those individuals who shared kind words of support and appreciation in recognition of the department's tireless work protecting the community. Its a pleasure to say Seat Pleasant, SPPD, Mount Victory Baptist Church and Shining Star Freewill Baptist Church made someone's Thanksgiving a great one!

*Seat Pleasant: A Smart City of Excellence participates in National League of Cities Conference 2018*

More than 3,800 Mayors, councilmembers, and delegates from all 50 states and the District of Columbia convened in Los Angeles for the National League of Cities (NLC) 2018 City Summit Conference. NLC is the largest member organization for cities, their elected leaders, and municipal staff, and advocates for city priorities in Washington.

The City Summit is the only opportunity for local officials- both elected and staff to learn about the issues affecting local government and expand their professional network. The conference provides education for leadership development, meaningful discussions on common local-level problems and new best practices to address the trends affecting cities.

Each year Seat Pleasant: *A Smart City of Excellence* makes sure they are among those cities that participates in NLC. This year the annual conference was held on November 7th-10th and the Seat Pleasant city staff opened the "Smart Exhibit" to more than 8,000 conferees. Conferees were able to speak with different members of City Staff on how the city uses the Center for Government Synergism (CGS) technology to improve the quality and sustainability of resident life in Seat Pleasant: *A Smart City of Excellence*.

Conferees were able to see the Center for Government Synergism (CGS) and how it works first hand using Seat Pleasant's virtual reality goggles.

"I am so proud of our City Staff and City Council for all of their hard work representing our city at NLC," stated

Seat Pleasant Mayor, Eugene W. Grant. "Our team is consistently and constantly hosting elected and appointed leaders from around the country. They are learning about our version of a Smart City and have become very interested in purchasing a subscription to transform their cities digitally!"

Not only where the conferees able to take part in exploring the exhibit hall they were able to attend conference

workshops where presentations, panels and discussions focused on common issues cities face- from homeless and affordable housing to the future of the workforce. NLC University Seminars provided training on navigating the duties of the public official. Lastly, conferees were able to attend networking events to meet and build relationships with other local leaders and build relationships with corporate sponsors. Next year the annual conference will be heading to San Antonio, Texas.
